Product group description

Components for WC and urinal flush actuation. The conversion of mechanical actuating methods to electronic model versions possible.

Note

The glass versions of the Viega WC and urinal flush plates are exclusively made of single-pane tempered glass. Concealed cisterns 3H and 3L can be combined with the WC flush plates for Prevista. You can find our showroom plates (samples without function) in the product group showroom plates on the Viega website.

Flush plate configurator

Web application for simple, quick calculation and visualisation of the appropriate flush plate for the bathroom design.

Subject to change without prior notice!

Latest Z- and installation dimensions as well as further technical information can be found on the Viega website and have to be checked before purchase, planning, construction work and use. Our products are continuously optimised.

This product description contains important information on choice of product and system, mounting, commissioning as well as intended use and, if required, on maintenance measures. This information on products, their features and application techniques is based on currently valid standards in Europe (e.g. EN) and/or in Germany (e.g. DIN/DVGW). Some passages in the text may refer to technical regulations in Europe/Germany. These should be considered as recommendations for other countries where no corresponding national requirements exist. The relevant national laws, standards, regulations, directives and other technical provisions take priority over the German/European directives specified in this product description: The information herein is not binding for other countries and regions and should be understood as recommendation.

Legal notices

The liability period for our products within the scope of our liability insurance covers a period of 5 years from date of installation and ends at the latest 10 years after delivery by Viega.

Within this period, we are liable for design defect, faulty material, manufacturing defect and failure to instruct for which we are responsible. The validity of the warranty is subject to correct handling of the products in accordance with our current assembly instructions and technical documentation as well as adherence to the recognized standards of technology. The warranty does not apply in cases of incorrect and non-professional installation.

The Viega system tools such as press tools, press jaws, press rings, Steptec punches, pipe cutters, calibrating tools etc. are subject to a two-year warranty period from date of purchase at the wholesaler.
